Re: Cade Museum at Depot Park

Dear Ms. Miles:

You have discussed with me the plans for the Cade Museum Foundation's proposed museum project at Depot Park in Gainesville, Florida. A museum located in Gainesville that would educate the public about innovation and invention will clearly have benefits for this community and for the University of Florida. The proposed Cade Museum will be a fitting tribute to the late J. Robert Cade, M.D., whose work at the University of Florida and whose life exemplified the inventive process.

The University of Florida looks forward to the inauguration of the Cade Museum and to working with it in the future.

Sincerely,

A handwritten signature in blue ink that reads "Winfred M. Phillips".
